

Part #920SABPA01

106 EXT

Straightening bench

Full fixturing

With the long 6 meters (19'8") platform, the 106 EXT bench offers full fixturing from end-to-end.

Versatility

Designed to repair light duty vehicles, medium duty trucks and commercial vehicles up to 11,000 lbs.

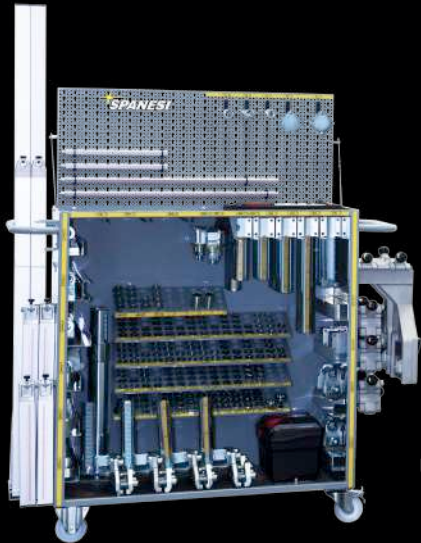

The power of universal jig system

It is the only system in the world that allows upward jig movements and positionable crossbars for the jig itself, thanks to a rack and pinion system.
